We Need to Get Moving-and Your Help is Essential

We at YRM have in effect advanced to a holding pattern. With the help of all the brethren and Yahweh's guidance we have developed in only 10 years a good, foundational collection of articles, booklets, and Bible studies that promote Yahweh's Truth and answer most of the doctrinal questions commonly raised. We have maximized our office space to the point that we cannot expand or steam-line our outreach further without larger facilities. We need to take the next step.

Every inch of our present facility is being used, and then some. Our television program, *Discover the Truth*, has essentially reached a plateau in technical sophistication and presentation. To advance we must have an actual TV studio that will allow greater flexibility and professionalism in our programs and room to expand. With that we could do greater and better things like produce integrated video teachings on individual Bible topics-much as is seen on programs aired on the History Channel. We believe such an advance will provide a far more dynamic message with far greater impact. Through these programs a viewer could easily watch and learn, with dynamic and convincing presentations. We have the know-how, we just need the facilities to work in.

Anticipating these needs, we started working over a year ago on another building adjacent to the meeting hall that will give us the space we need, including office space and facilities for a genuine TV studio. Presently all we have are offices that have taken over small meeting hall rooms, and a TV "studio" on one side of a tractor shed.

The new addition is less than a quarter completed, with part of the shell still open to the elements. We work only with available funds. No bank loans are involved. That is why we make this plea to you. If everyone on our mail list contributed just \$50, we would have enough to be able to move into and start using the new building. It may not be completely finished, but we could get going on the next phase of this work. Will you help?

A video is included with this report that will explain visually what we have discussed in this E-news. If

everyone did nothing, nothing would change. If everyone did their part, great things would be accomplished for Yahweh's glory, and His blessings meted out to those who act. May Yahweh bless you for caring. Watch the video!

TEST YOUR TUTELAGE

What was the first infraction recorded in the Bible?

- A - Touching of the forbidden fruit
- B - Eating the forbidden fruit
- C - Adding to the law
- D - Nudity

In Eve's conversation with the serpent, she declares that she was not allowed to touch the forbidden fruit (Gen 3:3). Yet no such command is recorded anywhere. Upon touching it, and seeing that nothing bad happen, she was likely emboldened to go the next step and eat it. It is not clear whether Eve created this command about touching the fruit, on the spot, or whether Adam instructed her in this way, to put a hedge about the true command, which was simply to not eat of it (Gen 2:17). When people add to Yahweh's law, it always creates false expectations and unseen consequences. Answer: (C).
